Mazda roadster NCEC LF-VE Flywheel

超軽量クロモリフライホイール

Ultralight weight Chrome molly flywheel

Toda Racing are please to announce the release of a TODA RACING designed Ultra light weight Chrome molly flywheel for the NCEC Roadster.

A special feature is the slanted bosses. This has been designed to improve the air flow around the clutch helping with such things as extracting any dust emitted for the clutch disc.

It promises to give you that essential roadster free and responsive feeling.

Weight of Flywheel

standard 7.4kg

TODA 5.0kg

LF-VE Chrome Molly 22100-LF0-000

Price 48,000yen
